Module 7 – Social Economy Research Project

Part 1: Research Questions

- Number of Slides: 1-2
- Suggested Content
 - Introduce your research question
 - Link it to a broader research area
 - Describe what you are seeking to discover

Part 2: Research Significance

- Number of Slides: 1-2
- Suggested Content
 - Inspiration for research question (e.g. why you find it interesting)
 - Why you think it adds to existing knowledge
 - Why you think it will benefit cooperatives and society

Part 3: Academic References

- Number of Slides: 1-2
- Suggested Content
 - List academic areas and fields you will be primarily researching
 - List 5-10 academic references that you are currently investigating and why you think they may be relevant
 - Provide a brief description of 1-2 academic reference you have been studying for your independent research.

Part 4:

Methodology

- Number of Slides: 1-2
- Suggested Content
 - List potential methods to be used in your research
 - Briefly justify the use of these methods linked to your research question (e.g. why do you think these will help you answer your research question?)
 - Describe why you chose this methodological approach in comparison to others.

Part 5: Research Plan

- Number of Slides: 1
- Suggested Content
 - Provide a brief timeline for undertaking and completing the different elements of your research.
 - Describe some potential Social Economy members or Community Groups you hope to contact for this purpose
 - List immediate next steps
